PUBLIC EDUCATION SERVICES

FIRE PREVENTION DIVISION

Fire can strike at any time. Are you prepared?

Fire Station Locations

Services

Fire Station Tours

Firefighters are available to lead groups. Guests will be shown the latest advancements in fire equipment onboard the City of Sugar Land's fire trucks and ambulances.

Smoke Alarms

Sugar Land Fire-EMS recognizes the importance of working smoke alarms. Smoke alarms that are more than 10 years old should be replaced with new smoke alarms. Sugar Land Fire-EMS personnel will install up to 2 free smoke alarms and/or batteries in homes meeting the installation guidelines.

Fire Extinguisher Training

Demonstrations of fire extinguisher care and proper usage are available to businesses and groups. This program is offered in April and November.

Fire Evacuation Training

Sugar Land Fire-EMS encourages business owners to utilize this service to enhance their fire evacuation plans. Handouts, sample plans and presentations with the latest training videos are offered from the National Fire Protection Association.

Home Safety Surveys

Firefighters are available to evaluate the safety of homes, and free smoke alarms will be installed, if needed. After conducting a general inspection of a home's interior and exterior, a summary report will be provided.

Youth Firesetting Prevention & Intervention

This one-on-one educational program is available to parents and their children who have demonstrated a behavior of playing with fire. Our goal is to address and deter this risky behavior through assessment, education, and referral, if needed.

Fire Safety & Fall Prevention for Seniors

Retirement centers and organizations serving seniors are encouraged to schedule these programs that are geared for citizens who are at high risk of injuries as a result of fire or falls.

Children's Fire & Life Safety

Through the Fire Prevention Division's Public Education Program, thousands of children in the community are given presentations on how to avoid and best respond to dangerous situations. Third graders are offered fire safety lessons in October at their schools. Schedule your fire and life safety presentation today for any age!

Citizens' Fire Academy

The Sugar Land Citizens' Fire Academy is a dynamic educational program covering fire prevention, rescue, operations, EMS, communications and portable fire extinguisher training. Students participate in hands-on training in firefighting and rescue. For more information, go to www.sugarlandtx.gov/CFA.
