Highlights from Stakeholder Interviews

- Interest in planning for growth - adding more parks, events, programming
- Along with that growth - an expressed need for more space; indoor space for activities, outdoor space for more athletics
- Need for additional space to allow for the staffing and equipment needed to accommodate growth
- Excitement about taking on new large projects like the Festival Site, Cullinan Park
- Expressed interest in maintaining the level of quality which sets Sugar Land apart from any other jurisdiction
- Concern about being able to handle the growth (more parkland, events, programming) with existing resources. Need for more staffing to accommodate weekend hours, event staffing, etc.
- More focused attention on providing water-based activities to meet market demand
- Desire to redevelop or reprogram some parks to serve the users better (e.g., Eldridge Park, City Park)
- Need to further look at Cullinan Park to make sure it is set up in a way to be managed, staffed, and maintained to provide users a unique experience
- Need for a park ranger
- Discussion about opportunities for the programming of Gannoway Park - environmental education center, boardwalk, paddling trail connection to Cullinan
- Expressed need to make parks more technologically engaging
- Desire to ensure parks are universally appealing
- Desire for recreational expansion to accommodate the current and future population - more senior programs, youth cricket, adult soccer, activities for young adults, etc.
- Desire to integrate science and sustainability into the parks system
- Key areas for closer consideration - Gannoway, Telfair, Brazos River Corridor, Cullinan, Riverstone
- Key questions:
  - How to make parks more profitable?
  - How to raise awareness of the available recreation programs?
  - How to balance athletic league vs. open play park users?
  - How to handle private vs. public parks and recreation?
  - What are the impacts of parks on neighborhoods?
  - How should the City handle annexation of areas without public parks/recreation?

Stakeholder Meetings

We met with:

- Fitness Instructors
- Economic Development
- Fort Bend Green
- Youth Sports
- Seniors
- Parks Events Staff
- Recreation Center Staff
- Parks Maintenance Staff
- Engineering
- Public Works
- Police Department
- Planning
- Animal Services
- Environmental Services
- Food Inspection
- PARCS Board
- Assistant City Managers
Wednesday, August 17th
6:30 - 8:00pm
Sugar Land City Hall
2700 Town Center Blvd. N.
Sugar Land, TX 77479

Come participate in an open house meeting to learn about, provide your feedback, and collaborate with others on the future of Sugar Land’s parks, recreation, and open space!

An online survey will be available at www.SugarLandTX.gov/PROSMasterPlan

For more information, please visit www.sugarlandtx.gov, or contact us at parkrec@sugarlandtx.gov or 281-275-2218.

Public Meeting Set for Parks, Recreation and Open Space Master Plan Update

Sugar Land, TX – A final public meeting to receive feedback on the City’s Parks, Open Space and Recreation Master Plan update is scheduled for Oct. 25, at 6:30 p.m., at Sugar Land City Hall, 2700 Town Center Boulevard Drive.

During the meeting, staff will present:
- an overview of the master plan process; and
- the proposed master plan recommendations.

Residents are encouraged to attend and help shape the future of the city of Sugar Land.

The draft plan will be posted online at www.sugarlandtx.gov/PRO2MasterPlan for public review during the month of November.

The Parks, Open Space, and Recreation Master Plan will establish a vision and identify a work plan of projects to accomplish the city’s park, Recreation and Open Space goals.

Meeting in a Box

CITY OF SUGAR LAND PARKS, RECREATION, AND OPEN SPACE MASTER PLAN

HOMEOWNER ASSOCIATION (HOA) ENGAGEMENT AND INPUT
Introduction

The provision of quality parks and recreation in Sugar Land is an essential element of what sets the City apart from all the other jurisdictions around it. One contributing factor to this is the amount of neighborhood park and recreation resources provided by the area’s homeowner associations (HOAs). Many HOAs provide such things as quality neighborhood parks and pools; more easily accessible pocket parks; and in many cases, recreational centers and programs, sports complexes, and trail networks. In this regard, it allows the City to focus greater attention on larger scale community-serving parks and recreation resources.

This Meeting in a Box has been specifically prepared to solicit feedback from your HOA members to identify the issues and opportunities they may be facing with regard to the overall City of Sugar Land parks, recreation, and open space system. It would also be an opportunity to identify area specific issues that may be impacting them.

Thank you for your interest and participation. We look forward to receiving your input.

“The measure of any great civilization is its cities; a city’s greatness is to be found in the quality of its public spaces, its parks and squares.”
- John Ruskin
Instructions for Host

This “Meeting in a Box” packet is intended to be self-administered by neighborhood representatives working with residents in small groups. This could include working in small groups at a regularly scheduled HOA meeting, or can be disseminated and administered by other neighborhood representatives. In an effort to ensure each meeting runs smoothly, the following meeting process is recommended:

- **Invite.** Identify a group of neighbors (no more than 10) and meet individually. Alternately, convene at a special or regularly scheduled HOA meeting and break into small groups. The meeting should take no longer than one hour to 90 minutes.

  *Example Meeting Invite:*

  The City of Sugar Land is updating its Parks, Recreation, and Open Space Master Plan to provide guidance and vision for the future of the parks, open space, and recreational opportunities in the City for the next 10 years. You are invited to attend a community meeting to work individually and in groups to provide input regarding your priorities for the overall City and the area near you. If you are unable to attend, please consider taking this online survey to provide your individual input.

  [https://www.surveymonkey.com/r/sugarlandmtginabox](https://www.surveymonkey.com/r/sugarlandmtginabox)

  Meeting Date and Time: ____________________

  Meeting Location: ________________________

- **Reminder.** Send an email reminder a few days prior to the date of the meeting.

- **Preparation.** Ensure that participants are seated comfortably in an arrangement that enables group discussion (e.g., around a table). Light refreshments are encouraged, but not required. Each participant should have copies of the exercises and something to write with.

- **Facilitation.** As the Host, it is your job to lead the meeting and ensure participants stay on topic and complete the questionnaires. You are encouraged to visit the City’s Parks, Recreation and Open Space Master Plan Update webpage at [http://www.sugarlandtx.gov/index.aspx?nid=1425](http://www.sugarlandtx.gov/index.aspx?nid=1425) to gain a background of the process and to get a better understanding of how the Plan will be used to improve the City’s provision of parks and recreation services. Everyone in the meeting should be encouraged to participate. If breaking down into smaller groups is needed, each group should have its own designated facilitator. The meeting should include the following steps.

  » **Sign-In Sheet.** Display the sign-in sheet in a prominent location and request that all attendees sign in.

  » **Introduction.** Introduce yourself and then ask meeting participants to introduce themselves to the group. Present a brief overview of the meeting process and answer any questions from participants. (approx. 5 minutes)

  » **Background & Context.** Briefly overview what you learned from the City’s website about the Parks, Recreation and Open Space Master Plan and process. Alternately, read the paragraphs on the next page aloud to the group. (approx. 5 minutes)
Introductory Reading:

As one of eight City master plans that implements goals from the Comprehensive Plan, the Parks, Recreation and Open Space Master Plan aims to provide guidance and vision for the future of parks, open spaces, and recreational opportunities in Sugar Land for the next 10 years. In 2015, a review of the 2005 parks plan revealed that 90 percent of the projects have been completed, designed, or included in the current capital improvement program budget. This update will be used to evaluate future needs.

With the goal of creating detailed recommendations for a five-year period, and longer-term recommendations for a 10-year time frame, the project will include public input; an updated inventory of the current parks and recreation opportunities in the City; an assessments of needs; and parks, open space, and program recommendations and cost estimates.

Results from the public input processes aid in understanding community preferences and assist with the development of goals and strategies and guide policy making. The plan will identify facilities and programs that residents would like to see added or improved. Based on community input the City will prioritize the needs. The highest priorities will receive the most consideration for future funding through the City’s Capital Improvement Program and operating budgets.

Timing of the implementation of proposed improvements will depend on the cost associated with the program or development. The City budgets for improvements annually based on the funding available. For larger construction projects a bond election would be anticipated soon after the adoption of the Master Plan. It would be anticipated to implement the Plan within five years.

» **Exercise 1.** Direct the participants attention to Exercise 1. Ask them to take a few minutes to individually fill out the questions on the worksheet. The purpose of this exercise is to get them to start thinking about the City’s overall provision of parks and recreation services. (approx. 10 minutes)

» **Exercise 2.** If participating in a larger group, break up into smaller groups of no more than 8 to 10 participants. Direct the participants attention to Exercise 2. Give the participants approximately 5-8 minutes for each question of the group discussion. As a facilitator, it is your job to help stimulate discussion while at the same time keeping participants on topic. Let each group member think about each question on their own and then they can discuss their thoughts as a group. Make sure everyone in the group has a chance to speak and contribute to the discussion. (approx. 20-35 minutes)

» **Exercise 3.** Direct the participants attention to Exercise 3. Ask them to complete the mapping exercise in their small groups. Some participants may need additional assistance understanding where they are on the map. (approx. 10 minutes)

» **Exercise 4.** To conclude the meeting, ask each participant to fill out the Participant & Meeting Feedback Form. In order for us to better understand how to improve this Meeting in a Box framework, we need to hear back from both individual participants and you. (approx. 5 minutes)

**Collect & Return.** As identified on the Host Feedback Form, please collect and return the sign-in sheets, participant responses, maps, and feedback forms to the City of Sugar Land.

EXERCISE 1
INDIVIDUAL PARTICIPANT WORKSHEET

The following 10 questions are intended to be answered individually by each participant. They are intended to help each participant identify the interrelationship and interaction between the HOAs provision of parks and recreation resources and the City’s. Ideally, it helps identify where individual neighborhood residents feel the overall system may need improvement.

1. How satisfied are you with the City of Sugar Land’s parks and recreation system?
   ○ Very Satisfied
   ○ Satisfied
   ○ Dissatisfied
   ○ Very Dissatisfied
   ○ No Opinion

   Please explain your response. ______________________________________________________
   __________________________________________________________________________

2. What and whose facilities do you use? Check all that apply.

3. What do you like best about the City’s park and recreation system?
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

4. What do you think needs improving in the City’s park and recreation system?
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

5. What do you like best about the park and recreation system provided by your neighborhood (HOA)?
   ○ Access/proximity to my house
   ○ Number of parks
   ○ Quality of parks
   ○ Safety of sidewalks and trails to get to parks
   ○ Types of park amenities
   ○ Other (please specify): _____________________________________________________________
___________________________________________________________________________________

6. What, if any, improvements would you like to see in your neighborhood’s (HOA) parks and recreation system?
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

7. Are there any programs (e.g., cultural arts, youth, senior) you would like the City to provide to supplement what your HOA offers?
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

8. Are there any facilities (e.g., more parks, trails) you would like the City to provide to supplement what your HOA offers?
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________
9. Are there any amenities (e.g., picnic tables, pavilions, splash pad) you would like the City to provide to supplement what your HOA offers?
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

10. Please rank each Citywide parks and recreation improvement from 1 to 6 (or 7 or 8) in order of priority to you. 1 is the lowest priority, 6 (8) is the highest priority.

___ Improve the quality of existing parks.
___ Add additional amenities to existing parks (e.g., playscapes, trails).
___ Add additional parks in your area (i.e., acquire/develop new parks).
___ Improve connectivity to parks and recreation areas (e.g., improved sidewalks, on-street bike lanes, or off-street trails).
___ Add more recreation programming (e.g., cultural arts, youth, or senior).
___ Add more special events (e.g., health fair, Halloween dance, or other types of social interaction).
___ Other: __________________________________________________________________________
___ Other: __________________________________________________________________________
The following 5 questions are intended to be answered as a group. They are intended to help initiate discussion between participants regarding the positive and negative aspects of parks and recreation in your area. One person should be designated to take notes during the discussion and fill out the questions and make notes on the associated maps on the next several pages.

1. **SWOT Analysis.** Determine as a group the **Strengths**, **Weaknesses**, **Opportunities**, and **Threats** of the parks and recreation amenities in your area.

<table>
<thead>
<tr>
<th>Strengths</th>
<th>Weaknesses</th>
</tr>
</thead>
<tbody>
<tr>
<td>In terms of parks and recreation what do the City and your HOA do well?</td>
<td>What are the City and your HOA not doing well with regards to parks and recreation?</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Opportunities</th>
<th>Threats</th>
</tr>
</thead>
<tbody>
<tr>
<td>Are there undeveloped areas of open space (or other opportunities) which could be used for other amenities or activities?</td>
<td>Are there challenges to parks and recreation in your area? (e.g., unauthorized use of facilities)</td>
</tr>
</tbody>
</table>
2. What are the top five things your group likes **best** about the Citywide parks and recreation system?

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

3. What are the top five things your group likes **least** about the Citywide parks and recreation system?

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

4. How can the City and your HOA collaborate better to improve parks and recreation in Sugar Land (e.g., planning together to provide additional programs and facilities while avoiding duplication of resources)?

Mapping Exercise

On the following 5 pages, a series of maps identify the City of Sugar Land and its extraterritorial jurisdiction (ETJ). The map divides the City into four quadrants and highlights both the City of Sugar Land parks (dark green) and HOA parks (light green). Each of the HOAs is labeled on the map.

Please take the time to review the maps and follow the steps below.

Step 1: Find the Map Label number of the parks in your area on Page 7.

Step 2: Locate the above parks on Page 8, 9, 10 or 11 using the Map Label number.

Step 4: What are the positive aspects of the parks and recreation in your area? Write your comment below and number the maps accordingly.

Step 5: Are there any negative aspects or elements you'd like improved in the parks in your area? Write your comment below and number the maps accordingly.

Step 6: Can you think of any opportunities for improvements to the City's overall park and recreation system? Write your comment below.

EXERCISE 4
PARTICIPANT & MEETING FEEDBACK

The following questions are intended to be answered individually. They are intended to help organizers understand who is participating and to help identify where additional participation may be needed to ensure adequate distribution and feedback throughout the City.

1. Are you male or female?
   ○ Male
   ○ Female

2. What is your approximate age?
   ○ 19 years old or younger  ○ 45 - 54 years old
   ○ 20 - 34 years old       ○ 55 - 64 years old
   ○ 35 - 44 years old       ○ 65 years old or older

3. In which HOA do you live?
   ○ Alkire Lake
   ○ Avalon
   ○ Barrington
   ○ Brazos Landing
   ○ Colony Bend/Colony Grant
   ○ Commonwealth
   ○ Covington Woods/Covington West
   ○ First Colony
   ○ Greatwood
   ○ Lakepointe
   ○ New Territory
   ○ Old Sugar Land
   ○ Riverpark
   ○ Riverpark (West)
   ○ Riverstone
   ○ Sugar Creek
   ○ Sugar Lakes
   ○ Sugar Mill
   ○ Sugarwood
   ○ Sweetwater
   ○ Telfair
   ○ The Highlands
   ○ Venetian Estates
   ○ Other (please specify): __________________________________________

4. How long have you lived in your HOA?
   ○ Under 1 year
   ○ 1-3 years
   ○ 4-7 years
   ○ 8-10 years
   ○ 11-20 years
   ○ More than 20 years
   ○ I do not live in an HOA
5. Do you have any children under the age of 19 living in your home? Check all that apply.
   - No children
   - Children under age 5
   - Children ages 5-9
   - Children ages 10-14
   - Children ages 15-19

6. How would you rate the following aspects of your meeting?

<table>
<thead>
<tr>
<th>Excellent</th>
<th>Poor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Overall</td>
<td>5 4 3 2 1</td>
</tr>
<tr>
<td>Opportunity for Input</td>
<td>5 4 3 2 1</td>
</tr>
<tr>
<td>Quality of discussion</td>
<td>5 4 3 2 1</td>
</tr>
</tbody>
</table>

7. What can we do to improve the Meeting in a Box?

   ____________________________________________________
   ____________________________________________________
   ____________________________________________________
   ____________________________________________________

8. Any additional comments about the meeting topics or the meeting framework?

   ____________________________________________________
   ____________________________________________________
   ____________________________________________________

Sugar Land revamping parks, recreation plan

By Theresa D. McClellan
For the Fort Bend Star

People take their play seriously in Sugar Land.

That’s why authorities held a public meeting to update the city’s Parks, Recreation and Open Space Master Plan on Aug. 17 at City Hall.

Don’t worry if you couldn’t make the meeting. The city is providing multiple opportunities to get public input on the city’s vision for recreation opportunities including an “online town hall” and survey which can be accessed at www.sugarlandtx.gov/index.aspx?NID=1425.

Some of the ideas offered up could wind up a reality by next year.

The city currently has many opportunities to unwind in nature or indoors including 27 parks, 45 sports fields, a canoe launch, a skate park, disc golf, a dog park, mountain bike trail and a senior center.

These were developed by previous planning sessions. The request for input attracted several senior baseball players from Harris County.

“We have over 350 seniors in the Harris County Senior Softball League who are 50 and over. We’re hoping for more fields,” said Rick Hyatt, past director of the league.

As he spoke, seniors peered at the boards filling the hallways including 85-year-old John Dee who plays shortstop in the national division and wants to make sure there are more fields available.

“We just like to play,” said the spry, award-winning senior.

Brian Benefiel, president of the Sugar Land Girls Softball Association, wants to see more fields.

“People don’t realize how much of a moneymaker softball is for the City of Sugar Land and just by adding two fields they could double that,” said Benefiel.
The gathering of ideas can be a lengthy process, but by January 2017 the city will prioritize and create a 10-year action plan.

“We have a highly engaged citizenry with high expectations for quality. We want to capture the vision for the future,” said Matt Bucchin, one of the consultants gathering information for the project with Halff Associates.

They have already received some input. “Ensuring the parks are universally accessible; not necessarily ADA, but accessible to more than the traditional mom with child. How can we get more active adult users in the park by such things as increasing technology?” Bucchin said one resident asked.

A look at the 2005 parks plan, that was reviewed in 2015, shows that 90 percent of the projects have been completed, designed or included in the current capital improvement budget, said John Chesser, Director of Parks and Recreation.

As part of its comprehensive plan the city wants to make Brazos River Park as a “regional destination” with water-based activities on the river and lakes, hike and bike trails, innovative unique venues and activities.

There have been some key successes since the last plan, those include the renovation and expansion for seniors at the T.E. Harman Center, the Eldridge Park Trail extension, the universally accessible playground at First Colony Park and the Imperial Park Trail.

Some people have already answered the online survey, stating they want more pool space or a “tournament sized” cricket space. One person wrote, “Yes. Please build a tournament caliber disc golf course on the land. There are many benefits from preserving much of the natural vegetation to making sure the land is well maintained and free of vandalism.”

http://www.fortbendstar.com/sugar-land-revamping-parks-recreation-plan/
The Cullinan Park Conservancy’s recent contribution of $500,000 to the City of Sugar Land is a milestone in the future development of Cullinan Park – 754 acres of mostly inaccessible forest and wetlands north of Sugar Land Regional Airport.

The donation was made possible, in part, by The George Foundation’s commitment of $1 million and the Wortham Foundation’s award of $250,000 for park improvements. Sugar Land annexed the park earlier this year after signing historic agreements with the conservancy, the City of Houston and the Houston Parks Board.

Future development of the property has long been targeted by the community and is consistent with the conservancy’s efforts to preserve the vast natural resources of the park.

“The Lucie H. and Joseph S. Cullinan Park has long been considered a natural oasis in our region,” said Director of Parks and Recreation Joe Chesser. “We’re extremely excited for this once-in-a-lifetime opportunity to open up this rare amenity for the community. To put this in perspective, this parkland is about the size of Central Park in New York City and nearly doubles the size of Sugar Land’s park and green space.

“While we intend to preserve its passive nature, we believe it will grow into an amenity that’s just as important. The need to do what was best for the park, not just for any one city, led to the formation of historic agreements to preserve and open up the park for greater enjoyment.”

The city is now operating and maintaining the park, which includes enhanced security; trail cleanup; lawn maintenance; and new lighting systems, signage and entry gates.

Future planned improvements include trails and boardwalks that allow greater access to existing lakes and wetlands areas, as well as locations for canoe and kayak launches into Oyster Creek. Site amenities such as picnic pavilions, benches and interpretive signage have also been identified. Planning and design will begin this year with construction to follow.
The land is currently owned by the City of Houston and Houston Parks Board and now located within Sugar Land’s city limits. The annexation by Sugar Land was the result of visionary leadership by members of the conservancy and elected leaders in Sugar Land and Houston.

The lands of Cullinan Park were first settled in 1828 by Alexander Hodge, a member of Stephen F. Austin’s Old 300. For more than 150 years, the property was used for raising cattle, sugar cane and other crops. In 1989, Cullinan Park was acquired by the Houston Parks Board and City of Houston and opened in 1991 as a nature preserve with improvements funded by the Texas Parks and Wildlife Department.

The Cullinan Park Conservancy was formed as a non-profit corporation in 2010, as a project of the tax-exempt Houston Parks Board. The Conservancy seeks to enhance and protect the natural beauty of Cullinan Park. The conservancy is focused on a number of efforts that will help enhance the Park’s status as – in the words of its major donor Nina Cullinan – a “place of beauty and peacefulness in the city.” These efforts include mapping the park, surveying its vegetation and birdlife, planning for its trail and bridge renovations, arranging for park cleanups and organizing a photo contest about the park, its wildlife, landscapes and visitors.

“It’s an exciting time for Sugar Land and the entire region,” said Chesser. “With commitments from all parties aimed at preserving the natural beauty, improving the accessibility, and continuing the development of the park, the impacts of this historic agreement will be felt for years to come. The generous transfer of the land, the superior maintenance and operation of the park and the continued financial support contribute to its continued success.”

Sugar Land’s parks and recreation plan reflects increased need for nature trails, indoor facilities

Residents attended an open house event to learn more about the city’s Parks, Recreation, and Open Space Master Plan. (Renee Yan/Community Impact News)

By Renee Yan | 2:17 pm Oct. 26, 2017

Staffers and experts presented recommended updates Wednesday to the city’s Parks, Recreation, and Open Space Master Plan based on community feedback and needs, considering projects, such as improving parklands, expanding indoor recreational space, and implementing environmentally-responsible policies.

The Parks, Art, Recreation, Culture, and Streetscapes Board and the planning and zoning commission will review the updates and make separate recommendations to City Council in November and January, respectively, according to a preliminary schedule. Mayor and City Council will vote for approval in February 2018.

First update since 2005

Approximately 95 percent of projects outlined from the 2005 Parks, Recreation, and Open Space Master Plan have been completed, said Joe Chesser, director of parks and recreation.

“Some of those projects include the Imperial Park Recreation Center, the renovation of the T.E. Harman Senior Center, Memorial Park, including Pawm Springs Dog Park, the Brindley Bike Trail, the Brazos River Park,” Chesser said. “Almost all the parks that you’ve seen built over the last 10 years or so reflected from that master plan.”
Staff and PARCS Board members have worked with consulting company Halff Associates, Inc. for over a year, assessing needs and putting together recommendations to the city's PROSMP, Chesser said.

City surveyed community
To gain feedback and input, staff and PARCS Board members surveyed and engaged with residents, including those from extraterritorial jurisdictions outside city limits and from the communities of Greatwood and New Territory.

Part of the process is conducting an analysis on the changing demographics of the city, which helps provide direction on the needs and demands of the community, Chesser said.

"We tried to reach out and understand the community," he said. "We do extensive inventory on what is available in the community now—not only our parks system but what the school districts provide, what the homeowners associations provide, what the private sector provides. We don't want to be duplicating services."

Many residents expressed interest in more indoor exercise and fitness facilities, nature trails for biking and hiking, natural areas and wildlife habitats, and areas for shade in parks, according to survey responses. The community also favored amenities, such as more outdoor festivals, adult fitness and wellness programs, and cultural events and programs.

Top priorities outlined
On top of the needs defined by residents, the updates emphasize continual planning and development of parklands such as Brazos River Park, City Park, Imperial Park, and Gannoway Lake Park, as well as expanding space and programming of the T.E. Harman Senior Center.

Other recommendations include implementing recycling programs, establishing community gardens, allowing more food trucks access in parks and during events, increasing beautification efforts, and coordinating with school districts and HOAs to share resources and address parks and recreation needs in neighborhoods.

What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

All Responses sorted chronologically

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
Yes! Adult fitness classes (yoga, bootcamp, paddle boarding, kayaking, etc).

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
Biking trails and more areas for runners (water fountains, changing rooms, etc).

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
YES! Kayaking, paddle boarding.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
No response
Name not available (unclaimed)  

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
Yes, roller skating park.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?  
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
Roller skating trail or park

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
Tennis lessons
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Recreational sports leagues for adults! Flag football, sand volleyball, softball, we need it! As well as more recreational opportunities for kids of all ages, from toddlers to high schoolers.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
N/A

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More toddler/small child friendly facilities. We go to many playgrounds and find that they are not well equipped or as safe for smaller children. With proper shade. More splash pads!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
I would like to say yes, but worry that the dangers would outweigh the good.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Adult recreational sports groups. Male, female, op-ed flag football! Volleyball, softball, etc.
The future of parks, open spaces, and recreation in Sugar Land.

Name not available (unclaimed)  March 15, 2017, 9:02 AM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, better bicycle trails plus a "real skatepark" for skateboarders to skate in...Houston has two beautiful skateparks and we have a converted tennis court

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Road bike trails would be nice as long as people understand it's not for standing on looking at your cell phones...
And yes we need a real concrete skatepark built by real skate park builders not some big Corp playground company...Houston is killing it with he ones they have

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not shown (unverified)                       March 14, 2017, 11:39 PM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**

No response

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**

No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**

Could you add swings with combined seating so you could swing with your kids! Option for two toddlers and parent would be awesome!

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**

No response

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**

No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
N/A

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Better disc golf course,

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Nature education, park ranger activities
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
It's a good idea to offer a variety of sports, although I have no specific recommendations.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
More interconnected bike trails that aren't on roads, so they could also be used for running, roller blading, etc

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
The new kayaks and paddle boards at Memorial Park were a great idea. Perhaps add paddle boats or rowboats for people with younger children.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not shown outside Sugar Land (unverified) March 14, 2017, 10:07 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, bike and swimming

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Zumba, Tai Chi, yoga

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Bike path to connect greatwood to UH

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayak, boat launching

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Zumba, yoga, weight training, running track

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
No response

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
Modernize parks, cover playground equipment, more walking paths around sugar land, access to walk from neighborhood to parks, mall, restaurants.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Splash pads!!

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, because I think city leagues are a great way for kids to get involved in sports at a young age at a fair price for their parents.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
N/A

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I would love a bigger city rec center with more classes similar to what the City of Plano offers.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes! I'm so excited about SUPing and kayaking.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Yoga!
Name not shown outside Sugar Land (registered)  

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
Most neighborhood have their own leagues of organized sports, so I think it unnecessary

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
no

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
none

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
yes, but not sure of what feasible and cost sensible activities you could add. I would love better amenities at the pools.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
I am not currently yet part of Sugar Land (annexing soon), but I wonder if better advertisement of the IPRC activities needs to be improved. I also question why a facility usage card is needed to sign up for classes then pay for classes on top of that.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
We are interested in sports fields, specifically lacrosse. Sienna Plantation has wonderful fields that are used by many sports and they are fantastic.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I believe there are enough opportunities currently available.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Trails are nice, but you have to plan ahead to avoid being locked out by growth.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. But the river can be dangerous thus monitoring and warnings should be well thought out.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No change.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More mountain bike trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Fishing and sight seeing

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, ice skating and ice hockey!!

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Improve skating rink and build new rink

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
None
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, walking and jogging trails for adults. For the youth better water outdoor splash pads that are not restricted use. Smaller communities are left out of using other neighborhoods parks and pads.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
cooking classes, nutrition, and crafting

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
walking trails with better lighting in the existing parks so walking would be safer in the evenings. Additional outdoor areas for outdoor exercise classes.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
indifferent

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Additional outdoor safety lighting.
Name not shown inside Sugar Land (registered)  

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**

I believe the city offers a very generous amount of activities. Personally, I have no particular needs and really have not heard of anyone else's complaints recently.

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?**
Possibly a weight loss program and landscape classes.

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
I am still in favor of having a labyrinth. This was purposed in the Telfair park plan that unfortunately was not passed.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Other than the canoeing, I can't think of anything else.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
Possibly a little nine hole golf course, pitch and putt or mini golf.
Gerardo Canedo inside Sugar Land (registered) January 31, 2017, 11:36 PM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
There are many parks currently with tennis and soccer fields but there are very few with good basketball courts and football fields.

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
Better promotion of the center. (I’ve lived here for 15 years now and I’m not sure what this is)

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
Off road trails and forests would be cool

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Please make access or parks for kayak/canoe/SUP(stand up paddle). This is the one key piece that is missing in sugar land. One has to travel kinda far for a good launch site or lake/river to do any of these things.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
Nature education would be fun for the kids. Its always awesome to go to places that show the wild life and fauna of a city. Also it's hard to teach the kids about environment when all the land is being torn down for new housing
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Jennifer Hamp outside Sugar Land (registered)  
January 31, 2017, 10:30 AM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I always promote City of Sugar Land as a lifestyle of family, easy access to major freeways, top notch Venues, Smart Financial Center being the most recent one. Minor League sports that is affordable. Yes, we should expand areas for the youth. My son had to travel to New Territory to play soccer with his friends. Would love to have a public place for them to go to. More bike trails that are not near high traffic.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Skate park would be so nice for the roller skaters and skateboarders. This is an ongoing issue for the kids as they really have no where to go except to a place in old Sugar Land that I have to be there at all times due to rough kids being there from other areas of other cities. It is not well kept either.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
heck yes!!! I’ve always thought this would be such an attraction. There is a place on the Trinity River, in the Fort Worth area as I was there this past weekend, with bike trails, walking trails and restaurants with outdoor and indoor seating. Fire-pits, outside bar, Gazebos, bands also. It was also dog friendly as people could have their four legged kids with them in the restaurant and on the outside areas, The place was super busy the two hours we were there. Food was not good, whatever restaurants that are allowed to open here must be affordable to nicer dining so that there is a mix. It would be nice to get a focus group form the public to get our discussions of what we know about the residents of the area would like. Contact me as I would like to be on the focus group if you do decide to go this route.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Have co-ed Flag Football teams. Co-ed Soccer Teams, not so much workout groups as there are so many store front and gyms in the area already. Even most Master Planned communities have their own workout centers. Apartments do also. Nature Programs would be very beneficial to area elementary schools, homeschooling, parents with children not in school as of yet.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**  
Yes, should expand and reflect the need of the residents/demographics. Cricket field is one thing lacking in the City.

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?**  
More/permanent Ping Pong table/courts.

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**  
Cricket Field.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**  
Yes.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**  
Fitness classes like yoga.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No opinion.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No opinion.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Put new gravel in muddy areas at Pawlm Springs dog park.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Canoeing and hiking.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Young adult co-ed volleyball and softball programs.
Rodney Vannerson inside Sugar Land (registered)  

January 23, 2017, 11:00 AM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Running as well as triathlon have become some of the fastest growing sports across the US. It would be nice for the City to sponsor some events. Possibly bid on regional or national competitions that could bring attention to the city’s new park facilities.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No opinion here. It’s a great facility.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disk golf does not have enough exposure in the general region. It’s a great activity that can be installed relatively inexpensively once the land is owned. Possibly create a course in the newly acquired Cullinan Park. The bike trails at RiverPark are in need of some serious help. The recent high water events along with the crews repairing the erosion in the area have done some major damage. Possibly include this in future maintenance budgets.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Paddle boats on appropriate lakes. Maybe in the new Brazos River Park area. Fishing piers.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More organized sporting events.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed) January 23, 2017, 7:53 AM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No we are fine

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
NA

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Golf

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayaking and Canoeing

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Yoga

no opinion

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
more biking/running trails
not in favor of skate, disk golf courses

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
no opinion

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
not familiar with current offerings
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disk golf course biking trails
Would be really nice if there was a way to get to the sports complex and house in the section without going down 99

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Debra McGaughey outside Sugar Land (registered) January 22, 2017, 10:07 AM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
Tennis. A tennis center should be developed in the City of Sugar Land.

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
Adult day care, more fitness classes, continuing-education courses.

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
Outdoor fitness stations along park paths. Indoor/covered tennis courts.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Paddle boats! Themed with something memorable to Sugar Land - Sugar Boats, for example, with the Imperial sugar crown on worked into their design. This will add to the marketability of the community.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
Making them very low cost or free to seniors. More marketing online.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc Golf courses at more parks. (space under power lines at oyster Creek Park for example)
Further connectivity of bike trails.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Canoe launches and trails along Brazos levees.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Name not available (unclaimed)  January 21, 2017, 8:53 PM

The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

David Dratler outside Sugar Land (registered)  January 21, 2017, 11:10 AM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
think there is a need for additional golf options in the city, perhaps a sugar land muni course

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
very supportive of this, the brazos and oyster creek are arguably our most outstanding natural features, and so I think we should make these much more accessible and prominent in our city

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**

No response

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?**

No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**

Skate park, miniature car race track, kayaking, but much better alligator protection is necessary. Better alligator protection in all the parks is necessary. The "wait for a report" way may be too late for someone's child.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**

A splash park for the littles would be nice. Swings, slides, climbing zone. Water gun play zone (nerf etc) They may want to sponsor....

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**

You need more advertising. I forget the new Building is there. In summer, camp offerings are not as educational as they could be. More a gun thing. I prefer a combination.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

January 20, 2017, 9:14 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
A new natatorium for sugar land residents only and their guest will be a good addition to the city.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
none

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land. What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  January 20, 2017, 7:54 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
triathlon

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
no

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
(connected) biking trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
kayak launch

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
pickleball

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Biking friendly roads. Bike lanes that interconnect throughout Sugar Land. Safety of the bike lanes a high priority.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
yoga for 50+
affordable golf lessons

No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
More activities for young kids (e.g., ages 4-6)

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
none

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Would love some basketball courts

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
maybe paddle boats?

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
not sure
Name not available (unclaimed)  January 20, 2017, 1:52 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Gravel running trails along the Brazos connecting the west side of New Territory to Memorial park would be fantastic. A disk golf course somewhere along the Brazos would be fantastic too!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?

The future of parks, open spaces, and recreation in Sugar Land. What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed) January 20, 2017, 1:43 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No, believe there are higher priorities.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Bike/foot trails.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Improve access, maintain paths and trails. No extra water based activities needed.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Better documentation of what is currently available. Perhaps because I’m in the New Territories I have little exposure to the Sugar Land offerings.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Competitive swimming, soccer, baseball, softball.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Expanded off road bike trails, competitive swimming pool venue.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Boat launches.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of waterfront along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
We have taken good use of the sports complex for Soccer and baseball. We have also use the swimming pools for competitive swim. We have also use the tennis courts however sometimes there is a wait for courts.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No experience.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Off road hiking trails would be interesting. Perhaps along the Brazos river. A disc golf course would be interesting

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
I would like to see better access for canoe or kayaking. Perhaps also stand up paddle boarding.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I have been very happy with the programs we have had your new territory. Flight football has also been very fun.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes - would be great to expand the youth baseball offerings and field conditions in New Territory.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
n/a

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
N/as

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Youth Volleyball offerings - courses for children to learn on top of the regular scheduled season.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Yes. We need an indoor/outdoor fitness and tennis center. Indoor volleyball and basketball and outdoor tennis courts you can reserve with available lessons and leagues.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Tennis, basketball and volley ball.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Boating

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Times and availability of group sports like basket ball and volley ball for youths at the PARC needs be increased. Need another swimming facility preferably indoors in addition to city park.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
The City needs more tennis courts and tennis programming for adults and Youth.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
A Tennis Center for the City.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Recreational boating on the river. Hiking trails

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More tennis programs for adults and youth.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Aquatic aerobics

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Cleaner trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
50meter pool

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
We need to have more variety sports training and tournaments, example, trampolining, hockey, cricket, several water sports are to name a few among the currently ignored sports in Sugar Land.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
Art and Design centers, schools, STEMS training and workshops, makerspace, better art galleries

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More open area seating for walkers to get together and socialize, more technological spots for charging devices, smart outdoor games, more free Wifi spots, ziplines for kids, farmland for kids

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, we badly need water sports around here! Kayaking and boating facility would be awesome!

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Initiation from the City of Sugar Land to host group fitness activities. Support small businesses some how, may be through small business market street, like a high street and provide space at a lower rent than the commericial places around.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. The more sports offerings the better. Wish the city had more indoor basketball areas for youth.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Walking trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
NA
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, my specific interest is a masters swimming program

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
I love that the senior center is in our community and would be interested in hearing ideas

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
50 meter heated swimming pool

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, 50 meter swimming pool

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I would add more pool based recreational programs such as year round masters swimming
The future of parks, open spaces, and recreation in Sugar Land. What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  
December 22, 2016, 7:23 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
A heated 50 meter pool that is heated all winter.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Adding baseball beyond little league for kids to keep active if they do not make the high school teams. Add a 50M pool with heaters that really work.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Not aware of this service.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Add a 50 meter pool. Work to add safe bike trails. We have a ton of Tri athletes in the community. We had a few serious accidents involving cars and bikes.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Not interested.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  December 22, 2016,  4:58 PM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
Yes. Swimming and cycles

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
More off road biki trails

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Fishing piers and boats

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
No response
The future of parks, open spaces, and recreation in Sugar Land. What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

December 22, 2016, 4:18 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
heated 50 meter Olympic size swimming pool

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
heated 50 meter Olympic size swimming pool

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  
December 22, 2016, 2:48 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Adults, we need a public 50 meter heated pool

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
50 meter heated pool

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Open water swimming and kayaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I am a swim coach and have seen a significant increase in the number of swimmers, both adults and youth. More lap pool facilities, either 50m or 25m lanes, should be provided to meet the growing number of swimmers in our area, especially in the non-summer months. Year-round youth swim teams have grown, adult triathlete and Masters teams are growing as well, and other than a few fitness clubs like Lifetime Fitness or LA Fitness or the YMCA, access to pool space is incredibly limited.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Add a pool for water therapy or water aerobics. For those of us who struggle with joint issues, water exercise has tremendous benefits.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Add swimming pools.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes! For kayaking, dragon boat racing, open water swimming, stand-up paddle boarding, etc.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More provision to our special needs population. Again water-based activities would be a major advantage. Water therapy and water exercise for fitness levels and ages that are less able or unable to do the more standard swimming activities. Also, water polo, synchronized swimming, and even underwater hockey are all gaining popularity. It would do us well to cater to these interest groups!
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  December 22, 2016,  2:22 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
50 meter competitive heated year round Swimming pool.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Indoor year round swimming pool for community use or area swim teams. This will promote healthy living, safety around water and will allow swimmers of any age with swim skills continue swimming year round. Teams will rent facilities to bring down cost of pool.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
50 meter year round, heated pool. Allows lap swimming for recreational swimming and swim team.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
A new heated outdoor 50m x 25yard pool that can be used year-round by lap swimmers & swim teams. Developers have been installing fun pools which don't work for competitive swimming. While the population has increased 4x, only 1 new competitive pool (fbisd's training pool off bissonnett rd) has been built to serve the local swim teams (SWAT, FCST, PLAT, SPA, etc) which are bursting at the seams.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Na

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Bike trails are always awesome & well used.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
See above. New pool!

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
The fitness classes at IPRC are awesome - if the first colony conference center could be added onto with a fitness room, that would be greT!
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
table tennis, basketball, badminton and volleyball courts.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
light indoor exercise equipment especially for legs. Example: Mini Cardio Cycle Exercise Bike Pedal Exerciser Arm/Leg

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Roller skate and Skateboarding parks. (There is no roller skating facilities in Sugar Land area, the closest one is 20 miles away and need to pay for it).

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes to expanding water based activities but the my concern is the chance of being damage during heavy rain which may cause flooding.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
After school or weekends tutoring for the kids who are needed from 7th to high school age. Such as SAT preps class.
Name not available (unclaimed)

December 21, 2016, 10:57 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. We need more sports fields so that our programs can accommodate more people.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Bingo

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
None

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Canoeing, pedal boating,

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More time periods available for dance classes
The future of parks, open spaces, and recreation in Sugar Land.

I think the city is doing well I regards to its youth and adult sport offerings. As a mother of young girls, maybe beginner dance lessons would be fun. |
|                                           |                                   | **T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**  
I do not have an opinion.                                                                                           |
|                                           |                                   | **Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**  
More water fountains                                                                                               |
|                                           |                                   | **Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**  
Canoeing lessons, safety, certifications. I am a Girl Scout leader and we have a hard time finding someone to offer these classes, even council. However we need these certifications to take our girls out on the water. I am on a GS Community Leadership Team that oversees troops in SL, Missouri City, MEadows Place, and Stafford, and there’s a big demand. |
|                                           |                                   | **General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**  
More nature education classes geared towards the youth. I take my youth out to Pasadena Armand Bayou Nature Center. Sugar Land is an amazing city with beautiful parks, why not keep its residents engaged and informed about the plants and wildlife that reside here? |

The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Tarek Rahal outside Sugar Land (registered) December 21, 2016, 1:53 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, we need more basketball courts in Sugar Land, bike trails, and open gym areas.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Yes add weekly Bingo group activities

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
How about boat activities?

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes
Boats

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Add programs to the new Sugar land areas
New Territory
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I'm not familiar with the current offerings. My children are 3 and 1 but I'd love for them to have several youth options when they become more interested in sports.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
The center has so many great activities. I only wish there was more outreach to engage seniors who are not currently participating in events, (like my mother). Maybe more small gatherings for "new members" that aren't so intimidating to join.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
None

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More activities for moms with babies/toddlers.
Name not available (unclaimed)                                      December 21, 2016,  1:18 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Both. Not sure

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Na

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Whatever it is, can the ground area be the soft padded/carpet like area (not sure what it's called), but NOT mulch or wood chips. It gets in the kids shoes. Plus hey throw it around at each other and on the play structures

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayak

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Fitness
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes! - We need a Rugby field. It is the fastest growing sport in US, and has recently been re-added to the olympics. It would benefit many, as this is a group sport.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
N/A

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Would like to see a Rugby Field.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
For Brazos River: Fishing - perhaps bringing in some pier and shade would help.
Oyster Creek - Water based activities sure theoretically sounds good, but in reality, as long as the city cannot maintain control on the growing mosquito population issue, it is really hard to see people going "undressed" (more exposed skin) in a park that has caught west nile cases in its mosquito traps. Also, given the fact that aedes aegypt bites mainly during the day, it would mean an increase in possible contamination of mosquito carried diseases for the city.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More youth sport programs (under 6 yrs old).
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)                     December 21, 2016, 12:44 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I do not use these facilities

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
I do not use this facility

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More walking/running trails at Memorial Park. Expand Bike trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, Kyaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Kate Moran outside Sugar Land (registered) December 13, 2016, 2:08 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Current rower with Greater Houston Rowing Club. I would love to see areas expanded along Oyster Creek for us and for my fellow water sport friends (canoe, kayak, SUP, Dragon Boats). One of the problems are all face right now are those low bridges and closely organized columns. Hopefully new projects and engineering can take into account our sporting considerations. But any water front expansions would be wonderful.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I would like the SL City Government to seriously consider making our parks models for conservation (in my example: particularly for birds). This is something our city and country will need in the future.

I'm a current member of the Texas Bluebird Society. Houston is a HUB for migratory birds, and our local data is seriously lacking for certain populations we actually have in abundance here. I propose in addition to some of the butterfly habitats I've seen at a few parks, we also create nest box trails in conjunction with what's already in place. Currently Brazos Bend State Park is one of the few places where cavity nesting birds are studied and data collected. These particular birds (chickadees, titmice, bluebirds, tree swallows, etc.) NEED nest boxes to help their populations.

The Austin Texas area really takes these matters seriously. Call it my competitive nature, but this area is ripe for being a model for all of Texas.

I can get these projects started very quickly (just takes putting fence posts with boxes attached in a few key locations). They're easy to monitor, they don't take up any space, and they don't interfere with community enjoyment of parks. I just need a "go ahead".

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
Not at this time.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Off-road bike trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
In support of water based activities only if water is free from the presence of alligators.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
None at this time.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I would like to see more offerings for youth ages 12-16 either after school or on weekends. Specifically, more individual rather than the usual team sports. Rock climbing, ropes course, etc.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
It would be VERY helpful to have a safe way to ride a bicycle across the Brazos River at 59 and also the 99 bridge between River Park and New Territory. Right now if I want to ride on University, I have to put the bike on a rack and drive to the University or nearby, and then leave my car as I ride. It would be great to just ride from the house - especially for those people who live in Greatwood or River Park.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Having a place to put in and take out canoes that would include parking facilities would be nice to have.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Jonathan Sledge inside Sugar Land (registered) November 8, 2016, 6:45 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, fitness and callisthenics equipment in the parks please. Mountain bike trails.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Off road biking trails and skate Parks are great. They encourage healthy living. Great for families to get involved. Encourages new younger energetic diversity to community.
Love it.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Absolutely continue to develop Brazos river park for all sorts of outdoor activities mountain bike trails with fitness stops like pull ups, DIPS, etc.
Drove through it last night. Beautiful.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
It would be great to see a Web site or more social media where people can communicate with each other and learn about upcoming events and activities. Maybe already cause that's how I found this.
Lol

No response

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Swimming and Baseball

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Skate park

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
We seem to have enough.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Tennis Courts
Disk golf course

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, opportunities for Kayaking, canoeing (multiple location) and paddle boarding.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Folks love the lake at Eldridge Park and the walking trail around it. People like areas for meditation, Tai Chi, yoga, etc.

Also, we need to develop our nature parks for folks to fully enjoy. A nature center would be a great addition!
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?

None
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
The city should have additional facilities dedicated to soccer other than just Lost Creek Park. Lost Creek Park is difficult to get to during rush hour traffic and has inadequate parking. It could also use a new playground. A large number of kids in this area play soccer and more soccer fields located around the city would be preferable, rather than everyone trying to get to Lost Creek Park in the afternoons. In addition, the baseball facilities need to be improved upon. Modernize the main quad of fields #1, #2, #3, and #4 at First Colony Park used by First Colony Little League. Remove ineffective foul ball fencing from fields #1, #2, #3, and #4. Install modern brick backstops and new straight in the air foul ball net that secures foul balls in the playing field and ensures the safety of spectators.

Replace bleachers with hand rails in the quad on Fields #2, #2, #3, and #4. Modernize the same as Field #1 and #5 bleachers.

Expand batting cages to build new batting cages on the sides of fields without cages.

Expand sidewalks and repair damaged or low areas.

Replace park and parking lot path and street lighting.

Modernize filed #5 lighting.

Install lighting on fields #7 and #8.

Look at ways to modernize or replace the current league offices, concession stand and storage.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**

There is huge population in sugar land who have Pakistani or Indian roots and love cricket both to play and watch. Unfortunately there is not a single park in sugar land that has any form of cricket facility. We do not need a separate stadium --- any major park like memorial park in Sugar land can have a pitch on the outside of animal park.

Kindly look into it as it will provide an opportunity to be in touch with sports being loved by so many people around the world.

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**

No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**

Cricket field as part of any major park

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest? 
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings? 
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see? 
Another splash pad or a natural water environment that kids can play in

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be? 
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs? 
A nature center that teaches about local animal and plant life
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
We need a BMX park next to the Dog Park n Memorial Park.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Ukulele classes

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Connect Justin Brindley bike trail to River Park Bike Trails via a new trail along the Brazos River then connect Brindley Trail to Sienna Plantation Park via Bike trails along Brazos River

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Bike Trails here would be year round.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I'm putting together a local mountain bike club for kids 9 to 16.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, the current youth sports facilities in Sugar Land lag behind those in surrounding areas. The complex at First Colony Little League used to be one of the premier youth sports complexes in the area, but is quickly being left behind. The complex needs to be modernized by removing ineffective foul ball fencing/netting and replaced with brick backstops and higher backstops. The bleachers need to be updated on most fields and the batting cages need to be expanded to all fields. The sidewalks at the complex are damaged and the parking lot is not well lit. There are also two fields without lighting and many of the others utilize older lighting in need of modernization.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?

No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
A minimum of one field at SLGSA should be enlarged to include mens and co-ed softball options, so that recreational slow-pitch softball can be added. Companies and church groups would benefit from opportunities to exercise and fellowship through a slow-pitch division.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
I have only been to one, a water conservation conference which included a water barrel. I found it fascinating as to what should and should not go down the drains and learned a great deal about water conservation I think more thing along these lines. Regional plants, home repair, etc.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Fishing and an area dedicated to learning about regional wildlife and protecting it. For kids and adults.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Nature education is always good. Fitness classes during the evening hours? Maybe some activities to learn
The future of parks, open spaces, and recreation in Sugar Land. What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

about the cultural diversity that is Sugar Land and the history of Texas and the area.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?

yes: I would suggest a lacrosse league/fields

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Adult pickle ball

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Art classes

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Canoeing, kayaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I think adding more youth sports and adult sports to the current activities would be an enhancement. Maybe adding flag football and basketball for children under 16.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
I think as our senior center, more day trips for seniors and meet and greet (happy hour) type activities might be of interest.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I think some activities to attract more of the 55 and over group in addition to what seems to be the more senior population.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I have no particular opinion regarding this;

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Am not a senior citizen;

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No specific opinion regarding this;

I'm always interested in the expansion of bikes lakes. There are so many cyclists along University Bld, they need more lanes in Sugar Land.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Absolutely! It would be wonderful to have Kayaking, Canoeing, boating, Stand-up paddleboarding, in Sugar Land. It would be a great strength of the community and gathering point on the weekends.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More bike lanes please!
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Find other sports the multicultural community play outside of the USA since we have such a large immigrant population. I really would like to see more natural bike trails (not paved roads) because there really is no where to bike with a natural trail feeling with the exception of the small trail on Brazos Memorial Park.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Not sure, never used the facility. I really would like to see more natural bike trails (not paved roads) because there really is no where to bike with a natural trail feeling with the exception of the small trail on Brazos Memorial Park.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Not sure, never use them. I really would like to see more natural bike trails (not paved roads) because there really is no where to bike with a natural trail feeling with the exception of the small trail on Brazos Memorial Park.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes that would be great. I really would like to see more natural bike trails (not paved roads) because there really is no where to bike with a natural trail feeling with the exception of the small trail on Brazos Memorial Park.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Not sure never use them. I really would like to see more natural bike trails (not paved roads) because there really is no where to bike with a natural trail feeling with the exception of the small trail on Brazos Memorial Park.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. As there are a lot of outside leagues especially for football and basketball that are not good for our youth due to the lack of personality screening of coaches. They do background checks but no personality screening. Coaches yell and cuss at our youth.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Off road motorbiking

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Fishing. Pre stocked

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Volleyball and basketball areas for recreational purposes.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Basketball and volleyball courts

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
canoeing and kayak launch sites with enough parking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not shown inside Sugar Land (registered) September 21, 2016, 7:54 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes - archery

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of waterfront along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I would recommend Ice Skating and Ice Hockey center along with cricket.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
I do not use senior center.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Badminton court, indoor rock climbing facility and biking trails would be beneficial.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
no comment

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Adult swim classes during evenings, yoga and running programs
成人与青年运动 - 城市应该扩大目前的青年与成人运动项目，并且如果可以，你对特定兴趣是？

我注意到在老与新开发之间有明显的不同。旧的开发像Austin Pkwy有很多更多的足球场等，而新的开发像Riverstone有一个小小的公园。

T.E. Harman Senior Center - 有特定的活动你想在中心的现有项目中增加吗？

无回复

专业化设施（例如滑板公园、飞盘高尔夫球场和越野自行车道）- 你希望看到哪些新的设施或对现有设施的改进？

骑自行车在Sugarland很无聊也很不方便，因为所有的路线都是沿着道路的。骑自行车需要提供其他地区的捷径，这样可以提高风景体验并且也提供速度。有很多可能性提供自行车捷径通过堤道！

另一个建议是在Oyster Creek穿过Hwy 6和Commonwealth地区通过电力线连接的行人/自行车桥。

休闲水活动（发展沿Brazos River和Oyster Creek的水边开发） - 你支持扩展水基活动吗？如果是的话，这些活动会是什么？

我们是否可以请保持Brazos河区域至少是完全自然的区域，最少的人工开发！我们需要自然的地方，眼睛只能看到绿植。我们的Sugarland Park有吵闹的车辆，我们的Regional Park被野餐小屋和垃圾箱填满。我期待Brazos River trails最终提供一些真正的树林区域！

一般休闲项目（例如自然教育/活动、健身课程、小组或团队活动） - 你希望对现有休闲项目做出哪些变化、改进或增加？

大胆。有更大的面积用于绿色！保持自然！不是那种被开发商景观化的绿植点缀周围的住宅区！在住宅区周围建立一些绿植。从Woodlands或Austin公园中获取灵感。
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes senior center

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Water aerobics classes, and another billiard table

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
A pool at the senior center, we have Over 1600 members and it does get crowded.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No for me but I could see it being a good thing

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
To add a second senior center and keep the current one available.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. My specific interests are cricket and badminton.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Nets for cricket practice or coaching

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Canoeing or kayaking.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes - I would like to see cricket ground in sugar land where kids can learn and enjoy playing cricket

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Dryer off road biking trails at Cullinan park

Recreational Water Activities (development of waterfront along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Biking trails; Tennis courts; Table tennis

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Table tennis, and badminton

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Biking trail around the Gannoway lake and connect it to Cullinan park

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Running and biking trails along the Oyster Creek and Brazos River

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
None
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Disc golf course

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
N/a

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc golf

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Water park, with disc golf and skate park

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
N/a
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No preference

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No comment

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Off road bike and hiking trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Accessible fishing piers on the Brazos

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Jazzersize classes, Zumba etc held indoors

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
IMHO youth sports should be offered via the schools. There is no reason these tax supported facilities should sit idle outside school hours and the academic year. Fund programs using existing facilities.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
Ballet based physical activity, financial education and more informal social events, e.g. coffee and donuts. Poker (not for money); it is a great way to use/maintain math skills. I am partial to Texas Hold'em. :grinning:

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
Improve the A/C system in the Senior Center. Poorly designed based on how the space is divided.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
No interest.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
None not already mentioned.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Please build public tennis court with lights.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Tennis court, biking trail.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes! Soccer, basketball, swim, baseball

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Road bike trails and hiking paths

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Canoe, kayak, regatta, dragon boats etc.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Need more class times and various times during day

No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, it should. Cricket is my interest. We need at least 1 Cricket ground in Sugar Land for Cricket. People are playing cricket on hard surfaces like parking lots at night which is not safe. Hence requesting for the proper Cricketing ground.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
N/a

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Cricket Facility needed.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
N/a

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
N/a
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, city should expand the current youth and adult sports offerings. My interest is Cricket. There is not even a single ground for cricket in Sugar Land. And there are many people including youth and adults who like to play Cricket.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Cricket Ground

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

Narahari Rao inside Sugar Land (registered)  

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
Field Hockey - Girls and Boys

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
I would like to see more bike trails, skate park, more children oriented play areas within the parks.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
Yes.  
Kayaking  
Boats for family rides  
Jet Skiing

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
Weekly community runs/ walks  
Open air Yoga classes  
Open air children competitions  
Holiday themed events - viz. Yearly Halloween Zombie Adventure
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
yes. Field Hockey, Lacrosse, golf

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
no comment

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Skate park, disk golf course, biking trails, mini zoo (specialized), 9 hole golf course, roller skate park, adventure course

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Brazos river, kayaking/canoeing launch pads, eateries, organized boat tours,

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Name not shown outside Sugar Land (registered)  

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
I believe more sports should be taken into account such as cricket, there are no cricket grounds in Sugar Land, if there were both adults and youth alike would use them.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No, not that I can think of.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
I would like to see cricket facilities, such as batting nets or the actual grounds.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
I would be supportive of such activities.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
I don't have any suggestions for these activities.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, city need to expand the current youth and adult sports offerings. My specific interest is in Cricket. And we are definately depriving of Cricket grounds in our city. There are plentiful of cricket loving residents here which are waiting for this miracle to happen. Need at least one at the start.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No comments

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Cricket Facilities needed.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No comments.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No comments.
Praveen Gopinath outside Sugar Land (registered)  
August 16, 2016, 11:25 AM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Please create a facility for cricket. There is a large population of residents in Sugar land from that love to play the game. Currently, the games are played on basketball courts or other hard surfaces, which is unsafe for the players.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Please create biking trails.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  
August 16, 2016, 11:00 AM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**

Cricket

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?**

Cricket

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**

Cricket grounds

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**

No response

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**

No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, definitely the city should expand the current youth & adult sports offerings. The city has one of the most diverse populations in the country and this gives a chance for all of us to learn and appreciate other cultures via sport, Cricket is one such sport - its the second most popular sport in the world yet there are no cricket facilities for kids or adults in the city.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Cricket facilities including 2 grounds, batting cages with seating area and functioning restrooms. A cricket field is the size of a junior/senior baseball field and can be used for soccer and other sports as well - with the increasing diversity in the city, we need to have facilities to accommodate new sports.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, boating, canoeing etc.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Adult softball

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Kayaking Oyster Creek via FCCA is awesome. If the city could expand on that idea, I think that would be great.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes - just more selections (i.e. Flag Football, Tennis, Mountain biking)

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Ukulele classes

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More off Road Bike Trails and a BMX bike park at SL memorial park. Build it, very little maintenance for the upkeep. Get kids active.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayaking, canoeing.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
More paved bike trails - how about along the Brazos down to Sienna Plantation. Runners, walkers and bikers!
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
safe running tracks for kids

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
off road biking trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
kayaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes - swimming

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I'd like to see ultimate frisbee added to the list of sports. It can be played on soccer fields and offers another non-contact sport to the city.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No comment.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Amending and adding disc golf courses to the area. They can be added within existing parks, or along widened bike path areas.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayak access areas and development between parking lots and water ways.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No comment.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Need more adult facilities. I would especially like an adult softball facility with a field for senior softball.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes.
Kayaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
city sponsored softball league for adults with different age groups.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)                      August 7, 2016, 8:39 PM
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
As the city continues to grow, it would be good to expand according to the needs of the community. There seems to be ongoing needs to play golf and no public golf course.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Dancing of all kinds

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
A disk golf course would be popular with young people.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Canoeing

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Anything that provides a wide variety of wellness activities is good.
Name not shown inside Sugar Land (unverified) August 6, 2016, 3:25 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
SL currently offers very limited adult and youth league. Please consider expanding to other activities. Flag football, Volleyball and Soccer.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
Aquatic exercise for seniors

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Improve and expand skate park.. improve offroad bike and ramp in Lost creek park. Improve municipal pool

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Fishing pier and boardwalk would be a great addition to improve residence quality of life.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No, I think those waterways should be kept natural and we should be cautious about development and flooding.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I would like more nature classes on local flora and fauna, gardening, etc. maybe community yoga classes, tai chi etc like they have at discovery green. My friends would be happier to move out of the loop if that were available. Houston Arboretum offers classes like that and I wouldn't mind having a membership/fee. We have a very nice state park (Brazos Bend) and with more of that nature I would find living here much happier.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I think sports is what really keeps the parks thriving. It also creates a sense of community pride to have local sports in the area.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I would love to see more disc golf courses blended into the parks! Disc golf is the fastest growing sport in the nation, and many other cities have adopted disc golf as a part of their parks and recreation. It has increased community volunteer work within the parks and overall attendance is much higher.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Water based activities would include mainly fishing on my side. I like the idea of adding a few small piers to bring fisherman together in the area.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Upon adding disc golf courses, it would bring local community members together to form a disc golf club. These type of clubs in other areas are charitable groups that give back to the community. They also volunteer a lot of time to course/park maintenance, helping to keep the parks cleaner.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Pickle ball, raquetball, tennis,

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
HVAC system that works more effectively, full Exercise room & training, a real dancing floor for dance classes with mirrors, better sound system, swimming pool, pilates and/or PiYo, duplicate bridge, water aerobics, senior boot camp, raquetball, tennis courts, miniature golf, lessons on disc golf, monthly panels on topics, i.e. birds, fishing, kayaking, motorcycles, golf.
Something else other than bingo on Friday.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Pool, full exercise gym & weights facility, racquetball courts, tennis courts.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Piyo
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Lacrosse, flag football, ice skating, basketball, regular running  City hosted 5k/10k/ marathon that will attract participation in the region.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Skate park will be a great attraction, ice skating park, ice hockey leagues, disk golf course, tennis center, outdoor basketball courts.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayaking, dragon boat festivals, rowing competitions and trainings. The city is gifted with bravos river running through it and making the river to host many water activities, festivals and competitions will be a great attraction for sugar land.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Fitness classes.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
My interest is disc golf.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Sugar Land P&R has been very supportive of the sport of disc golf so far. The recent reconfiguration of the disc golf course at Imperial Park is one example. The annual Sugar Land Showdown tournament at Imperial has become one of the premier events in the Houston area. I look forward to the new proposed disc golf course at Sugar Land Memorial Park, and would love to see even more courses in the area.

Disc golf is a fantastic activity to get people exercise. Its low cost to participate makes it an ideal family friendly activity. Its low cost of installation and maintenance makes it a popular choice for Parks Departments as well.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
i would like to see more disc golf courses in this area that cater to both a beginner player and more advance players. I am very greatful for the support of this department to the annual sugar land showdown disc golf tournament.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?

I think they should expand to include the sport of Disc Golf. This is a sport that is affordable for all to play and is a great game that allows people to socialize and create common bonds.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?

No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?

I believe Disc Golf should be added. This sport is low cost, easily maintained and promotes a very active healthy lifestyle. This sport is able to attract all ages and groups and allows for individual and group play competitively and recreationally.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?

No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?

No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
a disc golf course would be a great addition to the park system.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Disc golf

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Horseshoes and bocce ball

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc golf

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Boat launch

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Bike trails
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc golf course and skate park

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Disc golf, hiking

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
New or improved disc golf courses

Recreational Water Activities (development of waterfront along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayaking

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. Please build a tournament caliber disc golf course on the land. There are many benefits from preserving much of the natural vegetation to making sure the land is well maintained and free of vandalism.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Nope

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
18 hole disc golf course with two sets of concrete tee pads and alternate pin positions for each hole.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No, not really anything that might interfere with the new awesome disc golf course. Kayaking and paddleboats if space allows?

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
New disc golf course would be great!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?

Name not available (unclaimed)

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, kickball and softball

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc golf courses are wonderful. My family enjoys playing together and it's a great use of park space.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I love outdoor fitness classes. Yoga, hiking, boot camps.
Name not available (unclaimed)  

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Would like to see more disc golf parks around Sugar Land. It's much appreciated all the support there is already, and would love to see the sport expand more around the area.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)                                       August 4, 2016, 9:02 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, disc golf particularly in a shaded park with trees to block heat and have John Houck design the course

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc Golf

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Splash pad for children open to the public

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Sugar Land Veterans Memorial Park has more than enough land to be home to a truly fantastic disc golf course. With the right course designer, it could be one of the best courses in the Greater Houston Area.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Yes, Sugarland needs more disc golf courses. It's a great low impact sport that all ages can play, and will make sugarland a more attractive destination to visit as well as live. I routinely travel to play disc golf courses, and I support other local businesses in the area, when I go. Having several nice disc golf courses in sugarland will result in more people from other areas "making a day of it"

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. Disc golf

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More courses. Water features around disc golf courses

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes. Fishing, kayaking (including possible rentals)

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
additional disc golf course. Thanks for your support of the yearly Sugar Land Showdown Disc Golf Tournament!!!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I'd love to see a championship caliber disc golf course in the area. 18-21 holes.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not shown outside Sugar Land (registered)  
August 4, 2016, 6:33 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
That wouldn't hold any personal appeal.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
Not applicable

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I use Sugarland parks almost exclusively for disc golf. The courses in place are nice, and well kept up, but limited. It would be wonderful to see more expansive courses featuring 18 holes in varieties of different types of terrain and parks.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Not interested

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Nature education options would be awesome.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. Disc golf

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More disc golf courses. I’d like some nice WELL MAINTAINED courses with proper tee pads and pathways.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Volleyball courts with showers and out of bounds lines.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Improved Disc golf courses. 18 hole course improved tee pads, trash and restrooms.
Biking trails, mountain bike and road trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Would love to see more Disc golf parks it is gaining in popularity by alot and now getting tv coverage. Imperial park is ok its a little to open and poison ivy infested. I love that city of sugar land puts in a great effort to reach out and have made some great donations to our annual tournament at imperial park.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes, maybe more adult leagues, like softball or soccer.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
no

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Would love more disk golf courses in town. Imperial is nice, but can’t be used on heavy softball weekends. An expanded off road biking area would also be cool, especially if you could use the utility way and connect different areas of the city.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
More fish stocked waters would be awesome.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
more disk golf courses and perhaps more adult athletic offerings, like softball leagues, shuffleboard or horseshoes. Maybe tennis tournaments.
The future of parks, open spaces, and recreation in Sugar Land. What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I would like to see more disk golf courses in Sugar Land parks. I know the city has been very friendly to disk golf players and supportive of their activities at Imperial Park. I would like to see additional courses installed at other parks in the city.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
No response  

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No response  

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
I would like to see MORE disc golf courses in Sugar Land. I hope the city will follow through on its plan to build a course at Memorial Park. Just make sure it's in an area that's unlikely to flood, please.  

We enjoy the disc golf course at Imperial Park; however, the wooded areas really need to be cut back around the course, because it's too easy to lose discs there. This especially needs to be done during the summer when the park gets so overgrown. Thanks so much for mowing consistently! Much appreciated!!  

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
No response  

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Disc golf is severely lacking in west Houston area. We need it!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed) August 4, 2016, 5:29 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
disc golf courses

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More disc golf parks, I enjoy talking walks and playing around with a frisbee

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Water park would be nice

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I would like to see new disc golf courses like the one proposed for Sugarland Memorial Park. Disc golf is low impact on the land and low impact on the players. It is almost certainly going to bring people to the city and they will stop at stores and restaurants.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?

No response
Pratik Shah inside Sugar Land (registered) August 4, 2016, 3:01 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes,
1) There is insufficient badminton facility in Sugar Land
2) There is insufficient swimming pool facility for exercise purpose
2) There is requirement for new sports facility like cricket (at least one) in Sugarland

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Road Biking trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Great idea, would go for it

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Park near Sugarland regional airport is required with fitness center and tennis courts
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
My interest is in an adult frisbee group and also social dancing - like salsa and two-step. I am also interested in group bike rides along trails. I would be great if Sugar Land paved paths along the bayous similar to what the city of Houston is doing along Buffalo Bayou. More activities for singles would be great!

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
N/A

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Yes, definitely more off road bike trails that are paved, well-lit, and beautified with tree & flower plantings. Paved is the key word... I'm not interested in dirt trails.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Canoeing and kayaking might be nice, but I would much prefer paved bike trails. Preserving duck habitats would be great too. I love to see them around the ponds in Sugar Land.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Brian Stavert inside Sugar Land (registered)

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
No comment

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No comment

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
More off road biking trails. There is plenty of forest to be utilized with off road biking, which can combine usage with trail runners & hikers, providing more mileage & more activities for exploration that will keep individuals entertained. Its great having the Justin Brindley trail, however when it wasnt being completely demolished by the Brazos it was entertaining for all about a good half hour bc of the mileage involved, very very small. The forest are not being destroyed by bikers, hikers, and trail runners, instead they are being appreciated from the inside.

People enjoy green space, nature, and when you incorporate more of this into a community it increases the appeal.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
Yes. If the Brazos was deemed safe for kayaks and canoeing, but biking trails are essentially more important.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
No comment
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)  

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
NO,

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
NONE!!!!!!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
NO

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
NONE
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
no, current offerings are sufficient

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
no, current offerings are sufficient

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Plant trees along the Woodstream Trail sidewalk that parallels the ditch (Alcorn Bayou?). (Going down Sweetwater from 59, the trail starts across the ditch from the day care center on Sweetwater at Greystone Way.)

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
no

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I don't see additional programs as being the City's responsibility. These should be handled by HOAs, health clubs, and other organizations.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
BMX racing facility along with off road trails. BMX is an Olympic sport that any one from 4 - 50+ can do to keep in shape and compete. Look at some of the other tracks in Houston or Texas / US.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No. To much risk.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I would love to see a city spray and water park, something much bigger and more centralized than the one at Riverpark, and can be used by all ages. It would also be nice to have shade at any city park that is expected to be used in the heat. Since our area is so hot I would like to see all our outdoor parks have a sprayer to cool off like the cool zones at the Houston Zoo, but something only functional when you push a button. Maybe this spritzer can have the sugar land logo on it and the park name (since many of our parks have little signage). I also like the idea of city "rent a bike" stations but can they include trycircles for seniors and family bikes too, please. For areas of dense business.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
I would love to see an area where a waterfront beach is developed. An area where paddle boat, kayaks, and paddle boards are available for rent would add to recreational options as well.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I'm not sure if this exists, but a nature center along with children’s classes and activities would be nice. Many cultural festivals as possible please.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. Sports are great for kids and adults. Can the city take over the sugar land ice rink? The situation there is unstable for all of sugar land's hockey players, figure skaters and their terrific learn to skate program.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?

The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not shown inside Sugar Land (registered) July 30, 2016, 4:28 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
I would love to see Botanical Gardens or an Aboredum in the area.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
I am interested in commenting on our town's green space

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
and am taking this survey in order

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
to comment on that topic

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
I am a native of Richmond and having grown up near the Brazos, do not think it is a great idea to encourage water activities. All I remember of the Brazos is that we respected it. There were many drownings.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Getting to the green space questions............
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Adult sports offerings: soccer fields, mountain bike trails through wooded areas, disc golf courses located within interesting terrain (not a flat open field), access points to the Brazos river for kayaks and canoes, paved and off street running paths north of 90a and east of Eldridge, a pedestrian/bike bridge or tunnel over 90a near Eldridge

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
board/card/tabletop game nights for all ages

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
already mentioned ... disk golf and off road biking trails are greatly appreciated but ONLY if they are set within interesting (wooded, hill-y, etc) type terrain.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Kayak and canoe access to Brazos river

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes more sports teams and programs for young professionals

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
tennis courts, open spaces for kickball

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
yes more pools

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
more public gyms for weight lifting and cardio
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More off road biking trails please

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?

The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed) July 30, 2016, 8:37 AM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
No opinion

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
No opinion

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
More bike trails and maintain existing bike trails. Our existing original trails are not properly maintained. Often littered with debris and with pot holes that make riding dangerous.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Yes but as now water along Brazos is not safe due to contamination.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
Expanded nature conservation activities to promote Sugar Land as green and eco friendly.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
The city should look at buying the Ice Center.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
Music classes

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Increased and repairs to make sure the trail center is totally wheelchair accessible.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, swimming area.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes! Soccer and other recreational leagues

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Knitting or crocheting

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
More bike trails

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes! canoe and other boating lessons. See clear lake for ideas

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Group fitness and running classes. Stuff during the work day for stay at home parents. Spin class, yoga. More beginner classes.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. My specific interest is tournament quality soccer field. It should have lighting for evening use.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Lighting to lost creek park soccer field.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Not really
Name not available (unclaimed)  
July 18, 2016, 10:06 AM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**
Yes, more adult activities. Adult softball/baseball and volleyball.

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?**
No idea where this facility is even located -- first time hearing about it.

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**
Would love to see more off-road biking trails in the Sugar Land Area.

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**
Yes, would love to expand water activities - kayaking, paddle-boat, stand up paddle board.

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**
Fitness classes & group/team activities
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Canoeing, kayaking, and stand up paddle boarding in a lake.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
A lake to go canoeing, kayaking, and stand up paddle boarding with a hiking trail.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Name not available (unclaimed)                                             July 13, 2016, 12:02 PM

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. Why not annex the land west of the airport that borders with Cullinan Park and build there? Austin High is rated #2 after Clements yet the City has completely ignored this area even after the area has asked for the City to annex its ETJ!

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Yes. Gravel bike trails in Cullinan Park which is huge unused green land! Again why not annex the land west of the airport that borders with Cullinan Park and build there to connect with it? Having the only entrance at Hwy 6 with a median in the way is terrible. Austin High is rated #2 after Clements yet the City has completely ignored this area even after the area has asked for the City to annex its ETJ!

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Yes, along Oyster Creek would be great, which again extends to the area/neighborhoods west of the airport (MUD 25) the City has ignored even though residents have asked for annexation.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Evaluate need for more soccer fields

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
Offerings are good

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Climbing wall or boulders

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
More kayaking areas

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Yoga and fitness classes in the town square
Name not available (unclaimed)

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Yes. I would like to see quality soccer fields in Sugar Land. We have a very large soccer community here in Sugar Land. This sport is much more popular than people thought.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Would like to see an arboretum like the one in Houston’s Memorial Park. Would also like to see more oaks and fast growing trees for shade throughout all parks and trails.
I would also like to see a large indoor playground with areas divided by age group. This would be a great place to take kids on 100 degree days.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Would like to see a river walk with water taxis that travel from Sienna Plantation to River Park, and eventually expand further north and south. I would want retail like restaurants, starbucks, and jamba juice all concentrated near UH/59/Telfair. The areas in between water taxi stops should be mostly natural with lots of trees and trails. More kayaks & canoes on both the Brazos and Oyster Creek. It would be nice to have a beach area on the river like the one on the San Jacinto River in Newport (Crosby, TX). Also sand volleyball as a recreation activity. All of the above is my ideal dream use of the riverfront. We would need to get rid of the gators and snakes, though.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
No response
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No current need, but support some level of offerings

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?
No current need, but question the center's usage rate at peak times for surrounding facilities, and encourage the city to examine parking options in the vicinity.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No desire for these facilities. What's the benefit/cost? Expected utilization? Maintenance?

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Supportive? Yes. More canoe access points, and consideration of winter scheduling (when it's not so dang hot and mosquito infested).

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
None. Let private companies do this.
The future of parks, open spaces, and recreation in Sugar Land.  
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
No response

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Consider developing open space around Bayou. Create jogging and biking trails. Plant trees along Bayou. Install sitting benches along the trails under trees. May want to consider starting along Bayou behind Clements High School field. This will beautify the city and allow residents to enjoy Bayou trails near their home. Houston has extensive network of Bayou trails and developments which are heavily used by residents.
The future of parks, open spaces, and recreation in Sugar Land.
What are your thoughts on the future of parks, open spaces, and recreational opportunities in Sugar Land?

Mickey Suhl inside Sugar Land (registered)    July 6, 2016, 10:19 AM

**Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?**

no more soccer!! kite fly area and maybe sell/rent kites, baseball/softball fields, kickball fields

**T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center's current offerings?**

No response

**Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?**

disk golf, biking trails, drinking water stops, exercise stops along a marked tenth of mile trail

**Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?**

boat rentals, fishing piers

**General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?**

educational trails with plaques about nature, fitness for all ages
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
No response

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
More SAFE biking activities. More trails to connect neighborhoods to business so that people can go from their house to grocery stores, restaurants, and to parks without having to take a car to go to a park. The lines on the side of a street do not feel safe, especially for young users. Please give us more real walking and biking options. I do not like having to hook our bicycles onto a bike rack on my car to take a simple bike ride. Please make Sugar Land more bicycle friendly.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
Great idea, but just give us access along the waterways so we can walk, jog, bike along these areas. We would like more areas to enjoy the outdoors without having to be part of some organized, structured group things.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
More activities where we can enjoy the outdoors with our active family without having to join a team or sign up for a class. Please just let our family enjoy the recreation activities as a family. Separating each of the children to “teams” or groups of other children their age is something they get at school. We would like the freedom to do some things ourselves as a family. Biking, hiking, walks together on a really nice trail near the waterways would be so beautiful.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
New areas should not be developed until existing utilization is maybe over 75%. The forecasted growth of utilization is not given so it is difficult to say whether expansions is required at this time. Also, would FBISD allow use of their sporting areas for practice during periods when school is not in session?

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
I frankly wasn't even aware there was a Senior Center. I reviewed the activities and there probably are some activities my wife and I would enjoy. We will check it out.

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
The three mentioned above are quite specialized and not necessarily useful to a broad spectrum of our community. While there are plenty of "young" people in Sugar Land, the city is maturing and skate parks and off road biking would only attract a limited number of people, unless folks from other communities came to use them, which "could" bring some undesirable element.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
Both could be an interesting addition to services of Sugar Land but think the primary use would only be fishing. No swimming (I hope) would be encouraged as there are some gators in the area.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
I don't see this as the City's responsibility. These should be volunteer activities and not sponsored by the city.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
Hiking/ biking

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
I didn’t know this center was available. I will look it up later

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
off road biking and hiking trails trails.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
I like the water park at the aquatic center on Austin Parkway but it is a community water park and I live in Colony Bend so we cannot go. That would be really nice to have a water park for the grandkids to play

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Zumba for people who work 7 to 5. It seems like all the Zumba activities are during working hours. What about evening or weekends? I would love to Zumba but the only available I have is thru my church and it never starts/ends on scheduled time so I don’t go. I must have an exact start/end time.
Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?
No, that isn't a priority. The priority for land use now is agriculture. More land needs to be used to grow food for local consumption.

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?
No

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?
Small community gardens to be used by those with no gardening space of their own.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?
No, not in this economy. It is an excellent idea, but bad timing.

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?
Not that aware of them, so no changes.

Adult and Youth Sports - Should the city expand the current youth and adult sports offerings and if so what is your specific interest?  
Yes. Please expand the current adult sports. My interest is table tennis (ping pong). We should have more ping pong tables

T.E. Harman Senior Center - Are there specific activities that you would be interested in adding to the center’s current offerings?  
No response

Specialized Facilities (e.g. skate park, disk golf course, and off road biking trails) - What new facilities or improvements to current facilities would you like to see?  
More biking trails. All trails should be connected together if possible. And trails should also connect to shopping centers, this will encourage people using trails for shopping.

Recreational Water Activities (development of water front along the Brazos River and accessible areas along Oyster Creek) - Would you be supportive of expanding water based activities and if so what would those activities be?  
No response

General Recreational Programs (e.g. nature education/activities, fitness classes, group or team activities) – What changes, improvements, or additions would you make to the current offering of recreational programs?  
In door swimming pool
