

How to Make Hummingbird Food

Ingredients:
1/4 cup refined white sugar
1 cup hot water
Large pot
Bowl
Spoon
Bird feeder with hanger

Add hot water to large pot.
The proper formula is 4 parts water to
1 cup of refined white sugar.

Add refined white sugar and
start stirring!

Stir until the sugar is melted, then
let the mixture cool.

Add to clean hummingbird feeder
and watch for hummingbirds
to come!
