

EVERYONE

COUNTS!

All y'all should fill out your Census before it's too late!

A few minutes of your time now will impact the City for the next 10 years! When you fill out the census, you help:

Determine how many seats your state gets in Congress.

Support Texas. Based on the 2010 Census, Texas received \$59B in federal funds annually, equivalent to \$1,548 per person per year.

Create jobs, prepare for emergencies, and build schools, roads and hospitals.

Will Census Takers visit my neighborhood?

In-person visits to households that haven't responded are underway. Census takers are hired from your area, and their goal is to help you and everyone in your home be counted in the 2020 Census.
