

## CITY OF SUGAR LAND

### Use of the Integrated Stormwater Management Model (ISWMM)

The City of Sugar Land (“City”) provides this site as a public service. The maps and associated data are for informational and planning purposes only. Unauthorized attempts to modify any information stored on this site or utilize this site for other than its intended purposes are prohibited. The City makes no claims or guarantees about the accuracy or currency of the contents of this website and expressly disclaims liability for errors and omissions in its contents.

No warranty of any kind, express or implied, including but not limited to the warranties of non-infringement of third party rights, title, merchantability, fitness for a particular purpose and freedom from computer virus, is given with respect to this website or its links to other websites. All information and data on this website is subject to change without notice. Neither the City nor its affiliates, employees or agents shall be liable for any loss or injury caused in whole or in part by use of this website or in reliance upon the information contained herein or linked hereto. User understands and agrees that any material downloaded or otherwise obtained through the use of this website is done at the user’s own risk and discretion and that the user will be solely responsible for any damages to user’s computer system or loss of data that results from download of such material.

The burden for determining accuracy, completeness, timeliness, merchantability and fitness for or the appropriateness for use rests solely on the user accessing this information. The user acknowledges and accepts all inherent limitations of the maps and data, including the fact that the maps and data are dynamic and in a constant state of maintenance, correction and revision. The maps and associated data at this website do not represent a survey. Plans and maps are produced for posting on the web and are not necessarily the most complete. No liability is assumed for the accuracy of the data delineated on any map, either expressed or implied.
